Note :

1. The package of iPhone pay-as-you-go plan, the pre-paid card is free of initial charge and includes 180-day free access to 3G mobile internet; therefore new clients will be regarded as both voice and data service subscribers of CHT. The subscribers can not amend service items (voice and data) within 180 days. Once any service item is changed, free access to 3G mobile internet will be terminated. The domestic data (180-day free unlimited access to 3G mobile internet) offered by this package does not support the iPhone tethering feature.
2. 180-day free access to 3G mobile internet offer will be in effect after the registration.
3. Within 6 months after registration, clients need to be certified through HiNet website to activate 180-day free access to Wi-Fi wireless internet.
 - (1) During the certification process, users need to log in with the pay-as-you-go card phone number with the last 4 digit number of USIM card as the pass word.
 - (2) After logging in, a HN account will be assigned; default password is applier's ID number.
 - (3) With the certification, 180-day free access to Wi-Fi wireless internet offer will be available next day and due to the term, the account and password will be canceled automatically.
4. The "pay-as-you-go card" package is bundled with voice and data services. Only data service is free of charge for 180 days. Users need to purchase Recharge Voucher to make voice calls.
